

PRODUCT REQUIREMENTS DOCUMENT (ADVANCED)

Momentum Barbershop & Spa – Full Website & Management System

1. Product Overview

A premium digital platform (web-based, mobile responsive) designed to attract, convert, and manage customers for Momentum Barbershop & Spa. The system combines a customer-facing website with an internal admin dashboard for operational efficiency.

2. Objectives

- 1 Increase customer acquisition through online visibility
- 2 Provide seamless booking experience
- 3 Enable efficient business operations via admin dashboard
- 4 Improve brand positioning as a premium grooming and spa service

3. Target Users

- 1 Primary: Style-conscious individuals (18–40)
- 2 Secondary: Walk-in customers searching online
- 3 Business Owner: Admin managing operations

4. Core Features

- 1 Homepage with CTA (Book Now, Contact)
- 2 Services page with pricing and descriptions
- 3 Gallery showcasing work
- 4 Booking system with multi-service selection
- 5 Contact page with Google Maps and social links

5. Booking Flow

- 1 User selects one or more services
- 2 User selects preferred staff (optional)
- 3 User selects date and time
- 4 System calculates total duration
- 5 System auto-assigns staff if none selected
- 6 Booking is submitted and stored
- 7 Admin receives notification

6. Admin Dashboard

- 1 View all bookings (Pending, Accepted, Completed)
- 2 Accept/Reject/Reschedule bookings

- 3 Customer records with history
- 4 Analytics (peak times, popular services)
- 5 Staff management and assignment

7. Staff Assignment System

- 1 Staff profiles with specialties
- 2 Customer can choose staff
- 3 Auto-assignment based on availability
- 4 Admin override capability

8. AI Agent

- 1 Automated booking confirmation
- 2 FAQ handling (prices, location, services)
- 3 Rescheduling assistance
- 4 Integration with WhatsApp or chat system

9. Design Requirements

- 1 Modern, premium UI (dark theme)
- 2 Mobile-first responsive design
- 3 Fast loading speed
- 4 Clear navigation and CTAs

10. Content Requirements

- 1 Logo and branding assets
- 2 Service list and pricing
- 3 Images/videos
- 4 Contact details and location
- 5 Social media links

11. Success Metrics

- 1 Increase in bookings
- 2 Customer engagement
- 3 Website traffic growth
- 4 Repeat customers

12. Future Enhancements

- 1 Online payment integration
- 2 Loyalty and rewards system
- 3 Advanced analytics dashboard
- 4 Mobile app version
